Comments:

4-H Meat Goat Production Record

Name or no. of doe: _____ Breed: _____ Registration no.: _____

Date Born: _____ Single _____ Twin _____ Triplet _____ Birth wt. _____ Mature wt. _____

Breed & number of sire	Date put with buck	Birth date	Birth weight	Kid number	Sex	Single twin triplet	Date weighed	Age in days	Weight in pounds	Average daily gain*	Weight at sale	Breeding stock or meat	Market price (animal or per 1 lb)**	Total Value	Gross income of Doe for year

*weight – birth weight=weight
weight ÷ age in days = average daily gain

**Market Price: if selling as breeding stock list current value for breeding stock, otherwise list current market price per pound (example: 80 lbs. x \$1.10 = \$88.00).
