

4-H/FFA Terminal Market Animal Auction Quality Assurance Form (If supplement form used please attach)

Sponsored by the Jefferson County Livestock Association

Name: _____ Phone: _____ FFA _____ 4-H _____

Address: _____ City _____ State _____ Zip Code _____

Species: _____ Official Auction Tag/Tattoo/Band Number _____ Sheep/Goat (Scrapie ID#) _____

Please record all animal health products (vaccines, wormers, medications, etc), medicated feeds, and any medicated cleaning, fitting and grooming products administered to or used on your market animal from the time you obtained possession thru Saturday of Fair week. Also attach any recommendations you received from a veterinarian. **Once an animal is entered into Fair, only the AUTHORIZED show veterinarian can administer medication products.** If the animal becomes sick, dehydrated or injured during fair, contact the barn superintendent. Complete the request form for a veterinarian, and turn it into the 4-H office. If the show veterinarian is not available another veterinarian will be notified. **Note: All situations giving evidence of rules violation before or after slaughter of market animals can result in removal of animal from sale, a forfeit of auction proceeds and/or awards being withheld as determined by the Auction Committee and/or 4-H or FFA Show Committees.**

Section #1. Health Record from the date the animal was obtained/purchased _____ OR I raised the animal and the birth date is: _____

I have not used any vaccines, wormers, de-licers, medications, etc on this animal since I obtained this animal as my market auction animal. (Initial here).

Only fill out the health record if you used vaccines, wormers, medications, etc. on this market animal since being in your possession.

Product Name <small>Example#1: Dura-Pen</small>	From the store <small>Yes</small>	From a Vet <small>No</small>	Condition being treated <small>Fever</small>	Dosage <small>2 ml/150 lbs beef</small>	Route Administered <small>Sub Q</small>	# of Days for Withdraw <small>30 days</small>	First date of usage <small>April 3, 2022</small>	Last date of 20age <small>April 5, 2022</small>	Withdraw Date <small>May 5, 2022</small>
<small>Example: Valbazen</small>	Yes	No	Worms	3 ml/100 lbs sheep	Oral Drench	7 days	July 2, 2022	July 2, 2022	July 9, 2022

Section #2. Medicated Feed Record I have not used medicated feed with this animal since I obtained my market auction animal. (Initial here).

Only fill out the medicated feed record if you fed medicated feed to this animal since you obtained your market auction animal.

Product Name <small>Example#1: Purina Honor Chow Show Pig</small>	Active Medicated Ingredient <small>Tylosin Phosphate</small>	Number of Days for Withdraw <small>None</small>	Beginning Feeding Date <small>April 15, 2022</small>	Ending Feeding Date <small>July 18, 2022</small>
<small>Example#2: Purina Honor Show Lamb Creep</small>	<small>Decoquinat</small>	<small>None/milk not for human consumption</small>	<small>March 1, 2022</small>	<small>May 1, 2022</small>

Section #3. Cleaning, Grooming, Fitting Products Agreement: I will not use any fitting or grooming product(s) after 10 P. M. on Friday of Fair. (Initial here).

If medicated grooming or cleaning product have been used, that information needs recorded in section #1.

You may use a livestock approved non-medicated shampoo to wash your market auction animal at any time during fair week.

I certify that the above information is true and correct and all health products for treatment or prevention were administered according to label instructions or by a veterinarian's written recommendation that is attached. Furthermore, I certify that my ruminant animal (sheep, goats, or beef) did not receive any ruminant animal protein products (meat or bone meal) except milk or fat products in compliance with FDA regulations. **Signatures required for Fair entry to get officially weighed in for the 4-H/FFA Auction. Any Questions for JCLA call 419-9944/489-3350.**
