

Cultivating Companions

Growing Connections Through Plants

Cultivating Companions is a free seven week program to bring rural older adults together. Learn how to grow indoor plants, use them for art and cooking, and make new friends.

Join the Jackson County Master Gardeners in your local library branches to learn new skills and meet new faces. Space in the program is limited. Please reach out to Grace Florjancic, the Master Gardener Coordinator, to register.

Cultivating Companions: Growing Connections Through Plants

Transportation Details

Cultivating Companions aims to bring older adults together. We understand transportation can be a challenge for those farther away and/or unable to drive. This program has options to provide transportation for participants to join us in person at the libraries. Please let us know how we can help you join us for some fun group learning.
